### 1 OPEN FORUM

The issue of parking around the school was raised with particular reference to drivers ignoring double yellow lines and blocking both driveways and road access in places. The chairman responded with details of actions to date including conversations with the school. The following suggestions were made:

Sign bollards be purchased for use either side of school lane – the Parish Council agreed to fund this and will confirm with the school.

A request be put in for yellow lines to be repainted which the Parish Council will drive.

The Parish Council will also investigate the possibility of the school issuing parking tickets.

A Parish Council representative will also visit the school to discuss the issue further with a view to ensuring that the school has ownership for the problem.

Additionally, speeding in Upper Basildon was also raised with the Chairman confirming work to date and the Parish Council's general frustration with the district council. The Chairman and clerk will write again to highways and will copy in the district councillor.

### 2 DECLARATIONS OF INTEREST

Councillor Jones declared an interest in the Network Rail related issue.

### 3 MINUTES

The minutes of the meeting held on the 6<sup>th</sup> November having been circulated to members were declared correct and signed by the Chairman.

### 4 PLANNING

New applications

19/02700 Clifton House, Retrospective Dormer Windows

As it did previously, the Parish Council objects to this proposal for the following reasons:

It presents little new from previous unacceptable application(s)  
It is still intrusive to immediate neighbours.

19/02880 Varchfold, Bethesda St, Demolition of house and 3 x new houses

By majority, the Parish Council objected to the application on the following grounds:

The proposal represents over development of the plot and will further erode the natural beauty of the AONB. Additionally, the increased traffic compounds an already serious problem for the Bethesda Street area with the Council noting that no other transport options will be available to the new properties and their owners.

19/02486 The Old Pig Sty, Blandys Lane, Conditions

Having objected to the original application for a new building outside of the settlement boundary, the Parish Council again wishes to object to further work on this sizeable development. The building is unsympathetic to the immediate area, is of a significant size given the field it potentially services and does nothing to add to the character of the village. These conditions offer no improvement to this position.

The Parish Council received a late application for Maple Corner which will be reviewed at the January meeting.
